

## Our first Happy Child House in Recife which is now fully functioning

Happy Child is well established in the city of Belo Horizonte and currently runs nine Houses.

**In 2007** we opened a new House in Recife, a town of 3.3 million people on the north-east coast of Brazil.

**In 2008** we paid for all its running costs and this year we will continue to support it.

**In 2009**, as the poverty in Recife is so appalling we plan to open a second House. There is a growing problem of street children, with girls as young as 12 years old being forced onto the streets to prostitute themselves for money for food.

**Our aim this year** is to complete the purchase of our second House then to modernise and equip it and to pay for all its running costs. It will then be used to take girls off the streets and care for them. Whatever we can raise on the Happy Child Golf Day will be used to meet some of these costs.

Your contribution is vital to help this work and very much appreciated – not just by us but more importantly by the street children who we are able to help.

**With the generous help of our supporters we can establish homes for the children coming into Happy Child. This home was opened in Recife in January last year and looks after 12 children**
